Developing tourism and attracting investment is now a national priority. But "new destinations" represent our country's main challenge in this effort.

Kavala's Ofrynio Beach - Costa Ofrynio brings together all the elements and boasts unique advantages for an impressive presence on the global tourism and investment map of Greece as of 2023.

The region is characterized by the fact that major investments that add value are in full swing, while also remaining beautiful, hospitable, unique and full of surprises 365 days a year. Kourtidis Group is preparing to unveil a new, huge deal with a global tourism organization that will forever change the goodwill and tourism landscape of the region...
